

# All-in-one portable power bank

What is a power bank and why do you need one?

---

A power bank is a portable charger that prevents dead phone syndrome (DPS). Whether you forgot to charge your phone overnight or you're traveling without access to an outlet, power banks are a lifeline for you and your portable electronics.

How much does a power bank cost?

Iniu Power Bank Bal-B64 for \$80: Offering relatively low prices, Iniu is a power bank brand on the rise. This portable charger packs a 27,000-mAh capacity, can put out up to 140 watts, and charges three devices at once via two USB-C ports and a single USB-A port.

Do you need a portable battery or power bank?

Watching your phone or tablet steadily run out of power when you're nowhere near an outlet is stressful. But there's an easy solution: a portable battery or power bank. They are available in many sizes and capacities and can include handy features like fast charging and multiple ports.

Why should you buy an all-in-one portable charger?

Never worry about running out of battery with this All-in-One portable charger. The powerful 14,000mAh battery keeps you connected with family and friends even when you don't have access to a wall outlet for extended periods of time! Spend less time searching for chargers and cables and more time enjoying time with loved ones.

What is the best portable battery charger?

Anker 87W 20,000 mAh Power Bank This Anker power bank is our top pick for a compact all-in-one charger because it's one of the rare models that truly balances portability with serious power. While many 20,000mAh chargers are only suitable for phones, our testing confirmed this Anker portable battery has power output that is the real deal.

How many devices can an anker laptop power bank charge?

The Anker Laptop Power Bank features 165W output, which means it can charge bigger, more power-hungry devices like a laptop just as effortlessly as it can juice up a phone or tablet. It can charge up to four devices and even comes with built-in cables.
