

Does Guyana have a potential for hydropower generation?

Guyana has a massive but yet unrealized potential for hydropower generation. Hydropower generation capacity has been estimated at 7,600 MW, that is, more than 30 times the current installed capacity in the country.

Who has bid on Guyana's gas-to-energy project?

Bids have been submitted by a diverse slate of companies including Karpowership (UAE), ENKA (UK), LS Energia (USA), Andalusian Energy (USA), and Guyana's own J&L Supplies. As Guyana moves closer to commissioning the first phase of its landmark Gas-to-Energy project, momentum is already building for the project's expansion.

Will Guyana beckon another power project?

Excess lean gas, estimated at 30 MMCFD, will be provided to the GoG for use in downstream industries, such as fertilizer production. Guyana's exponential energy demand may beckon another power project ? VP OilNOW

What is Phase 2 of the Guyana Power & Light project?

Phase II will complete the remaining 60%. Key components of Phase II include the construction and operation of a 250 MW combined-cycle power plant. This facility is expected to deliver 2,100 GWH of electricity annually, which will be sold to the Guyana Power and Light (GPL) under the PPA.

Who is submitting a bid for Guyana's new energy project?

It will benefit from the same fiscal incentives granted to Phase 1 developers, Lindsayca and CH4 Systems. Bids have been submitted by a diverse slate of companies including Karpowership (UAE), ENKA (UK), LS Energia (USA), Andalusian Energy (USA), and Guyana's own J&L Supplies.

What does Phase 2 mean for Guyana's Energy Strategy?

This phase represents a necessary continuation of the government's energy strategy that will double Guyana's new domestic gas-powered generation capacity when it joins Phase 1. Once completed, Phase 2 will bring total generation capacity under the Gas-to-Energy project to 600 MW, a massive leap from current levels.

Oct 16, 2024 San Diego, California: Two hydropower projects, including the Amaila Falls project, are expected to add 370 megawatts (MW) to Guyana's power generation matrix by 2035, ?

Dec 28, 2024 The adoption of gas-fired power plants in Guyana represents a pivotal shift in the Government's energy strategy, promising a multitude of benefits and significant future ?

Nov 11, 2025 Guyana intends to amp up its use of domestically produced natural gas to reduce costs and displace fuel oil power plants. [18][25] In 2021, the Guyanese government ?

Apr 5, 2025 The Guyana Power and Light (GPL) yesterday signed contracts valued at US\$422.2 million (approximately \$90 billion) for the extension of ?

Aug 19, 2021 The Guyana Power and Light's (GPL) 46.5-megawatt (MW) plant at Garden of Eden should begin exporting electricity to the national ?

Feb 19, 2025 The US\$2 Billion Gas-to-Energy Project, which includes a 300MW Power Plant and Natural Gas Liquids (NGL) facility at Wales, will ?

Nov 15, 2025 Power Producers and Distributors Inc. Address: Wight's Lane, Kingston, Georgetown, Guyana Telephone: 592-227-0982 Email: info@ppdi.gy About us Established in ?

Sep 30, 2024 Guyana's Vice President, Bharrat Jagdeo, said during a September 26 press conference in Georgetown, that the government expects to place its heavy fuel oil (HFO) ?

Jan 7, 2025 The government invested \$39 billion in 2024 to boost the energy capacity of the Guyana Power and Light Inc (GPL). These ?

The Government of Guyana has paved the way for the gas to shore project to come to life by 2024. The Cabinet today issued a "no objection" to the ?

Jun 28, 2025 Prime Minister Mark Phillips yesterday commissioned the 750kWp Solar Photovoltaic Installation at the Wakenaam Power Plant ?

Sep 16, 2025 by Denis Chabrol (Demerara Wave) ? The 300 megawatt natural gas-fired electricity generation plant at Wales, West Bank ?

The Government of Guyana has paved the way for the gas to shore project to come to life by 2024. The Cabinet today issued a "no objection" to the construction of the first of its kind ?

Apr 14, 2025 As Guyana moves closer to commissioning the first phase of its landmark Gas-to-Energy project, momentum is already building for the project's expansion. On March 31, the ?

2 days ago Rows of solar panels now cover former cane fields in rural Hampshire, marking another major step in Guyana's drive to cut emissions, lower energy costs and expand clean ?

Sep 30, 2024 The Government of Guyana is seeking a company to operate and maintain the 300 MW power plant to be used in the Gas-to-Energy project, set to be commissioned in 2025, ?
