

# Huawei Australia PV Inverter

Are Huawei inverters good in Australia?

---

Huawei inverters have gained popularity in Australia for their high efficiency and smart management features. Many reviews highlight their reliability and the integration with advanced monitoring systems.

Do Huawei solar inverters have warranty?

That's because Huawei make inverters for the Australian market for iStore; and inverter data is securely stored locally in Australia, not in China. As I consider iStore to be a reliable company, you shouldn't have any issues with the warranties for these new products. Huawei solar inverters have 10 year warranties.

Are Huawei inverters a solarquotes approved brand?

Huawei inverters were a SolarQuotes approved brand until early 2024. They weren't removed from my recommended list for any reason other than their inverters stopped being shipped here.

Which solar inverters are the best in Australia?

In 2019, four inverters from the Huawei SUN2000 series were named as top performers across different tests completed. Although the Huawei solar inverters deployed into testing were US models, it can be reasonably assumed that the models sold in Australia adopt the same or similar technology.

What makes the Huawei sun2000 a good inverter?

The Huawei SUN2000 range comes equipped with an advanced digital control algorithm which allows it to produce more than 3000 kWh more than what other inverters would in their first 20 years of operation. With maximum efficiency levels of 98.6%, the Huawei SUN2000-5-6KTL-M1 converts more energy, faster, providing more power for your home.

Should you invest in a Huawei inverter?

Investing in a Huawei Inverter can lead to savings. Here's how: Converts more sunlight into energy. Less waste equals lower bills. Add more panels without needing a new inverter. Earn credits for excess power shared back to the grid. A longer lifespan means less frequent replacements.

Apr 23, 2018 Help Desk provides technical support to Huawei's customers for solar inverter products. Tel: 1800046639; Email: [au\\_inverter\\_support@huawei](mailto:au_inverter_support@huawei) Remote Technical ?
